RE: **AUTOMATED WASTE REMOVAL COLLECTION SYSTEM  
CAST-A-WASTE INC.**

---

Effective May 1, 2019 the County of Ponoka's waste removal service provider Cast-a-Waste Inc. is transitioning to an automated waste collection system. This system utilizes a new truck and will require the use of a specific style garbage container referred to as a cart. These carts will be provided at no cost to residents. The cart is to remain with the residence (if you move) and is the property of the contractor.

- Your cart will be delivered the last week in April and is required to be placed at the end of your driveway with the wheels curb-side (steel bar facing street) on pick-up days
- Ensure there is a minimum of 3 feet clearance on either side of the cart
- As of June 1<sup>st</sup> any carts not in the appropriate area for collection, will not be emptied
- Pick-up dates will remain unchanged

Thank-you for your cooperation in this matter.

Ponoka County provides garbage service to your area. Cast-A-Waste Inc. has been contracted by the County to provide service to you.

**PICK-UP SCHEDULE & INFORMATION**

\*Service is provided on Mondays (if Monday is a Holiday, then service will be Tuesday.)

Service is curb side and waste carts must be at the end of your driveway by 7:00 am.

*\*Each waste cart, which is owned by the contractor, has an identifiable serial number which is registered to your property's legal/civic address and must remain at this address. Property owner is responsible for the cart.*

\*Other arrangements may be made directly through the contractor for additional carts or services.

You may also deliver extra household waste (no furniture) to the Rimby Transfer Station on Tuesdays and Saturdays from 9:00 am to 5:00 pm.

**RESTRICTIONS:**

\*Bagged household waste only (NO ash, lawn/yard clippings, appliances, construction materials, chemicals, hazardous waste/liquids)\*

\*Bags should weigh no more than 50 lbs

\*Only bagged garbage placed in waste cart(s) will be picked up.\*
