

## Division Two Candidate

*Tammy Henkelman*

---

Hi, I'm Tammy Henkelman and was raised in the Ponoka east country until 34 years ago when I married my high school sweetheart Kevin and we bought a quarter section south of Ponoka where we have enjoyed raising our family, the benefits of the farming life and being with our horses.

I have spent many hours volunteering on organizations that support the community that I love. I am a financial life coach helping families to achieve their goals and dreams. I am also the owner of a few small businesses in my community.

I feel that governments at all levels should be more responsible for the way our tax dollars are spent. I believe in low taxes and efficient services. As Division Two County Councillor I will continue to be a big part in my community by volunteering to bring the communities together. I will bring ideas from my community to the council table to discuss and I will do what's in my power to help the county thrive as they have for many years.
