My previous council experience, community service and business background has provided me with the knowledge and understanding in planning, budgeting, problem solving, communication and teamwork.

I am vocal and passionate about the county, a strong advocate of youth, community and volunteering. My past years as a council member with Ponoka County has provided me with experience and a greater understanding of the issues that the county faces and the procedures of municipalities. My common-sense approach allows me to effectively assess policies, question administration and seek accountability to determine a direction for future actions. This allows me to best represent the community and residents of the county. I want to help our community to maintain its economic stability, grow and prosper.
