## SNOWPLOWING OF RESIDENT DRIVEWAYS

Ponoka County has had to reconsider its practice of snowplowing driveways in the winter in light of its commitment to clear the main County roads for bus, mail and other necessary services. As of September 1, 2008, the County ceased to provide this service, except in extreme emergency conditions where health or life are threatened.

We have contacted the following area contractors who may be interested in plowing your laneway. You must contact them directly to make arrangements for this service. You may also wish to make arrangements with a neighbor.

Ponoka Area contractors:

Contractor	Phone #	Contractor	Phone #
