

Division Five Candidate

Nancy Hartford

I was born in Medicine Hat to 3rd generation farmers, growing up with 5 brothers. My husband and I have run a cow/calf operation west of Rimbey since 1990.

I have been described as analytical, have strong financial skills and detail oriented. I managed a fast-paced business for many years. In that role, budgeting skills were critical, and I carry that forward in all aspects of life, whether in personal life or as a Councillor working for the Ratepayers.

I was first appointed to Ponoka County in 2013 and have been very honoured to serve the residents of Division 5. The most rewarding part of the job for me, has been helping people.

I have a long history of volunteering within the community, with organizations such as Crimewatch, FCSS, Central AB Raceways, Adult Learning, Last West Hall and Physician Recruitment and Retention Committee.

If I am re-elected, I will continue to be a strong voice for my area. As a County we need to continue to advocate for our residents, whether it's rural crime issues, or our Healthcare system and the challenges rural residents face daily.

If anyone would like to discuss any issues or have questions, please contact me.
