

Ponoka County

Department of Public Safety & Enforcement

4205 Highway #2A

Ponoka, Alberta T4J 1V9

February 29, 2012

IMPORTANT SAFETY NOTICE

Due to safety concerns, and in accordance with *the Highways Development & Protection Act* and *the Traffic Safety Act*, Ponoka County no longer allows the erection of metal posts in its ditches. If you require temporary signage at or near your work site, please use wooden posts or a tri-pod stand, and ensure their removal upon completion of the project.

These recent photos show two metal sign posts that were not removed by the responsible company, and subsequently struck during winter plowing efforts. These have now become a threat to the traveling public and have necessitated the above action.
